

SUSHIL KUMAR THANET

Full-Stack Software Developer

Ottawa, Ontario 📞 (343) 843-2968 ✉️ sus.thanet0726@gmail.com
🐙 github.com/c0939973 🔗 linkedin.com/in/sushilthanet 🌐 Portfolio

Professional Summary

Full-Stack Software Developer with hands-on experience building responsive web applications, REST APIs, database-driven systems, automated tests, CI/CD pipelines, and cloud-deployed projects. Proficient in React, TypeScript, JavaScript, Node.js, Express, SQL, and MongoDB, with practical experience using Docker, GitHub Actions, AWS, Playwright, Cypress, and Jest. Skilled at transforming unclear requirements into structured, maintainable software and exploring practical AI-assisted development workflows.

Technical Skills

Frontend: React, TypeScript, JavaScript, HTML5, CSS3, Responsive Design, Vite
Backend: Node.js, Express.js, REST APIs, ASP.NET Core
Databases: MongoDB, MySQL, PostgreSQL, SQLite, Oracle SQL, PL/SQL
Testing: Jest, Playwright, Cypress, Postman, API Testing, End-to-End Testing
Cloud/DevOps: Docker, GitHub Actions, CI/CD, AWS EC2, Git, GitHub, Linux
Additional: C#, Java, Python, Chakra UI, Bootstrap, AI-Assisted Development

Featured Projects

ProjectLens AI *(In Development)*

React, TypeScript, Node.js, AI

- Designing an AI-powered project planning platform that transforms unclear software ideas into structured requirements, features, user stories, milestones, and development tasks.
- Planning a maintainable full-stack architecture with reusable components, scalable data structures, testing workflows, and future AI-agent integration.

Real-Time Cryptocurrency Tracker

JavaScript, REST APIs, CSS

- Built a responsive dashboard displaying live cryptocurrency market data with sorting, pagination, currency switching, comparison tools, and sparkline charts.
- Integrated third-party APIs and designed a mobile-friendly interface for exploring and comparing market information.

Bookstore Application

Node.js, MySQL, Jest, Docker

- Developed a database-driven bookstore application with REST APIs, MySQL persistence, automated Jest tests, and Docker support.
- Configured GitHub Actions continuous integration to validate application changes and reduce regressions.

Professional Experience

Tim Hortons

December 2024 – Present

Front Store Team Member

Ottawa, Ontario

- Deliver friendly and efficient customer service in a fast-paced, high-volume environment while handling transactions accurately and supporting daily operations.
- Strengthened communication, teamwork, multitasking, and problem-solving skills while balancing part-time work with full-time software studies and project development.

TEJ Fellowship

June 2023 – March 2024

Fellow Software Engineer

Kathmandu, Nepal

- Collaborated with a four-person Agile team to build MERN-based internal applications, responsive React interfaces, REST APIs, and MongoDB-backed workflows.
- Participated in sprint planning, debugging, code reviews, testing, and collaborative software development.

U.S. Embassy Kathmandu

December 2022 – March 2023

Finance Intern

Kathmandu, Nepal

- Supported invoice verification, financial documentation, management-control work, document processing, and administrative workflows while handling confidential information carefully.

Essence Engineering Consult Pvt. Ltd.

Junior Software Developer

March 2021 – May 2022

Kathmandu, Nepal

- Supported application development, debugging, testing, feature implementation, and software maintenance in collaboration with other developers.

Education

Lambton College

Graduate Certificate, Full Stack Software Development

September 2024 – June 2026

Ottawa, Ontario

Relevant Study: Frontend and Backend Development, REST APIs, Database Design, Automated Testing, Cloud Computing, DevOps, Software Engineering, and Project Management.

Tribhuvan University

Bachelor of Information Management

Kathmandu, Nepal

Relevant Study: Software Design and Development, Java, Python, Web Technologies, Data Structures and Algorithms, Database Management Systems, Artificial Intelligence, Information Security, Cybersecurity, Networking, Operating Systems, Business Information Systems, E-Commerce, Operations Management, Strategic Management, Finance, Accounting, and Business Research Methods.
